To Sister with Love:
From the Associates of Franciscan Communities &
Franciscan Service Corporation

Dear Friends,

Instead of the letter that normally appears from Sister Diane Marie Collins we have chosen to honor her since she is leaving Office after ten years as General Minister. This is a tribute from the associates who have been impacted by her leadership. Sister Diane Marie has been in leadership for over twenty years and has made an extraordinary difference in the ministry of the Franciscan Sisters of Chicago.

Thank you for being a friend, a leader and an inspiration to all of us. We are grateful for your warmth, your compassion, your soothing voice and your famous hugs. Whether it was an associate, a donor, a vendor or a stranger you made each person feel special with your wonderful hugs that all of us sought out on every occasion. Your hugs made everyone feel important and secure. We will remember your kind smile and your hearty laugh that put everyone at ease.

Your warm nature and soothing voice gave each person a sense of peace. Talking with you was like talking to an old friend. You made each person feel like you had known them for several years. There was always a comfortable feeling talking to you. It was like sitting in front of a roaring fire on a cold winter night. Your unique ability to relate to people was readily seen by everyone you encountered.

We will remember your sense of mission leadership as you missioned each and every associate as if it was your first missioning ceremony. You connected with the associates by relating purpose and meaning to the jobs that they performed every day for the ministry. The thoughtful respect you gave every associate was always evident as you talked with them.

Thank you for your determination and willingness to serve others and your dedication to this ministry. Your passion for serving people and caring for the less fortunate is a living example to everyone. We admire your commitment to fight for a cause and for not backing down from a fight when perseverance is needed. We will fondly remember your love of all creation especially dogs that need a home.

We are grateful for your friendship, faith and support for these many years. You have touched so many lives in so many ways. We will remember you as a woman of strength, courage, vision, and grace under pressure. Thank you for trusting us to be the voice of this ministry and for giving us the courage to carry on after you leave office. May you go on to do what is yours to do for the Franciscan Sisters of Chicago.

We wish you joy!

Love,
the Associates of Franciscan Communities
and Franciscan Sisters of Chicago Service Corporation
“As much as I was able to, I reassured myself with the thought that whatever I did, I would do it for the greater glory of God.”

After the clients leave St. Jude House they are asked to fill out an evaluation form to assess the staff and the facility. It is obvious that many of the clients feel very positive about their experiences at St. Jude House as witnessed by the following statements. One client wrote, “Thank you doesn’t begin to tell you, or say, how appreciative I am, and always will be, for the blessing of finding shelter and safety here. It’s amazing how the experience of ‘homelessness’ brought my heart so many gifts of inspiration from all of you and the amazing women I was blessed to meet here that gave me strength, reminded me to stay in faith and helped me regain hope when I had little left. Thank you all for your help, direction and daily words of encouragement! I will forever be thankful for how you all have...
Recently another client left St. Jude House after living there for three months. Before coming to St. Jude House she was in a long-term domestic violence relationship and was living from place to place, coping by using drugs and alcohol. When she came to St. Jude House she was 72 hours clean and sober. She had not been taking care of her daily living needs or any financial matters. She entered St. Jude House six months pregnant, having lost the custody of her children, and with her life in an upheaval. She wasn’t going to her prenatal doctor appointments and wasn’t valuing her life, the baby’s life, or anyone else’s life.

During her time at St. Jude House she said, “I accomplished so many wonderful things to improve my life. I’ve grown emotionally and spiritually. I started going to Narcotics Anonymous meetings, seeing an addiction therapist weekly, and eating healthy, and going to regular doctor appointments. I feel that I have learned how to take care of myself both mentally and physically, learned who I am, and have started setting short term and long-term goals for myself with the assistance of the St. Jude House staff. The groups and staff have been instrumental in my personal development.

Without St. Jude House, I would still be living in my own misery. I have learned that I need to approach life one day at a time. Through the support of the staff at St. Jude House I have learned how to manage stress (a variety of techniques to use daily) and how to vent properly. I truly appreciated that the staff was available to me twenty-four seven. I know that when I exit I will still keep in touch because my bond with St. Jude House is deeply rooted.”

“The day that I signed my lease and received the keys to my apartment, I knew it was a moving moment in my life. It’s been a long struggle for me, but it was so worth it. I feel that I need to

helped me begin to heal and gave me a home when I had none. You are very special people. Thank you for your dedication and for making a difference in my life! Love and Blessings Always…. Hugs! I am going to miss this place!”

Another client wrote the following note as she was leaving St. Jude House. “The Home is filled with Love, Friendship, Courage and Support. Many thanks for the help in the support groups which were excellent, the good food, excellent living environment, respect of privacy, excellent resources and excellent staff. I am thankful for the gifts of blessings that I received from St. Jude House. You’re the Best of the Best! I plan to stay in touch and walk in the March walk! To all Hugs, Kisses and Love.”

The client who wrote the above note had been raised in an abusive family and had endured an abusive marriage but was able to break the cycle of abuse thanks to the wonderful care she received at St. Jude House. She went on to find her first apartment and start a new life.
pass my story on to other women so they will know that it is possible to have a life without abuse, drugs, or other negative influences that hinder you from growth and progress in your life. Thank you so much for all your support, love and insight. Love always, a St. Jude House Client.” She is looking forward to the birth of her baby daughter, regaining custody of her other children in the near future, and a life free from abuse and drugs.

A client who had lived with her abuser for 60 years and had seven children recently exited St. Jude House. Her husband had always been abusive to her, in front of her children, when she was pregnant and throughout the relationship. She had the following comments on her exit papers: “I received very good service. Everyone was professional. The people here are very understanding and thoughtful. The most helpful services were helping me to get my confidence up. I was treated with complete respect and empathy in all matters.”

In March a client left after completing the program. She wrote a letter expressing her thanks. Her words are as follows: “I would like to thank you all. It takes a special person to deal with personal issues at home, then come here, and give your all. I appreciate each and every one of you. The resources here are Amazing and on top of that you all have been wonderful, caring, loving, and nurturing Spirits!”

The following comments from a former resident of St. Jude House powerfully demonstrate the impact that St. Jude House has on the women and children who live there. “You have touched my heart and you provided me a non-anxious presence when I was brittle and wounded.

You listened and had me believe that everything that I was feeling and experiencing was normal. You inspired me to turn my tragedy into triumph and made me realize that rough times do not define me; my response to those rough times defines me. You had me believe that everything that I went through in that relationship would make me a better person and one day I would use what I endured to help others.

Today I am working at a hospital. I attempt to listen to broken people like you listened to me. I attempt to carry the compassionate presence of Christ to those whose lives that lack it or may not feel it.

My conversations with St. Jude House and the work that I have done – and continue to do – teach me that what isn’t healed transmits and that what is healed transforms. In Christ and with prayers, a former client.”

It is obvious that St. Jude House changes lives! The actual statistics are equally impressive. St. Jude House has a 92 percent success rate for the women that go through the program while the national average is between 38 and 50 percent! This means that 92 percent of the women and children who enter St. Jude House rebuild their lives and do not return to the abuser and the cycle of abuse. Healing truly transforms!
**The Ant Can, Can You? Move That Rubber Tree Plant**

Mary Bannon, Corporate Director of Philanthropy

Ever wonder what makes some people feel they can accomplish anything they put their minds to. The answer may just lie in the old Frank Sinatra Song, High Hopes. The theme of the song speaks to the resilience of the human spirit and has a special place in the hearts of development professionals everywhere.

“Just what makes that little old ant think he can move that rubber tree plant, anyone knows an ant can’t move a rubber tree ... but he’s got high hopes ......” You know the rest of the song but do you know why that ant was so successful at what he was trying to do: The answer is he believed! If I told you that the true key to success goes beyond building relationships and lies in believing in the organization’s mission and the development director’s faith in themselves would you be shocked.

Most of the people that I spoke with could not believe that development came down to two simple principles. First you have to unequivocally believe in the mission and ministry of the organization that you represent and second you have to have faith in your ability to effectively tell your organization’s story to the donor. Every non-profit has needs and the development director has to effectively articulate those needs and tell the story honestly, compellingly and passionately. Truly believing in what you are raising money for acts as a catalyst to allow the development professional to get the response they are looking for.

If you think you can, you can. The goal is to be fearless when asking for a donation and brave enough to listen for the response to your request.

Recently a member of my staff said to me, “You have the same approach asking someone for $1.95 as you do for a million dollars.” My reply was that each and every donation regardless of how small or large if given from the heart is received in the same fashion. When you ask a donor for a gift you are entering into a covenant with the donor. You are asking for a monetary pledge of some magnitude in exchange for a promise or a commitment that your organization will use their funds wisely. There is a moral responsibility implied in this mutually beneficial relationship.

Development professionals instinctively understand the implication of the moral responsibility and eagerly rise to the challenge every day. After you master the first level by believing in the ministry that you are raising money for, the second hurdle that must be tackled is to learn how to effectively tell the story. This requires a skill set that many development directors find slightly more difficult. It is one thing to believe in the mission but another thing to sell it to the world.

Here is where the ant story comes back into play. The ant knew he needed to move the rubber tree plant in order to get food to survive. Therefore he did what he had to do make it happen! He accomplished the unthinkable because he didn’t stop to think that he couldn’t do it, he simply knew he had to do it and voila, he did it!

It is simply amazing if you think about it. We are all asked to do things every day that we are not certain will ever materialize but if we put one foot in front of the other and truly believe that God gives us the strength and the faith to do it just like that little old ant we can all move that rubber tree plant.
At the end of a long day spent begging the candidates returned home to St. Joseph Home for the Aged and Crippled and to St. Vincent’s Orphan Asylum and had to wash and iron the laundry of the orphans and the elderly residents of the home. The candidates performed the lowliest tasks for the incapacitated residents and served them joyfully.

Father Andrew Spetz the spiritual director of the Sisters, designated June 3, 1900, Pentecost Sunday, as the day on which the novices would make their first profession of vows in the community. Sister M. Theresa, Sister M. Anna, Sister M. Angeline, and Sister M. Agnes pronounced their vows for one year. A second ceremony took place the next day, June 4th when eight postulants received the habit from Father John Kasprzycki, CR who was the provincial of the Congregation.

“The day of her first profession of vows, Sister M. Theresa was officially appointed and called the mistress of novices and postulants.”
“She performed this duty with great dedication, fidelity, and zeal and attempted to instill the love of God and neighbor, the love of community life, and the spirit of poverty into her novices.”

Unfortunately some of the novices felt that the strict observance of the Rule and Constitutions was too heavy to bear. “Sister M. Theresa felt that not all members had been called to live in community, and to share the common life.” Some women, she believed, had a selfish motive in entering the community, and, as a result, proved to be a source of trial and disedification to others.” These novices were the disturbers of peace and silence and incited other Sisters to discontent. “Instead of developing interior calm and union with God, some of the Sisters proved vexatious and quarrelsome.” Unfortunately many of the disgruntled Sisters directed their adverse feelings toward Mother Theresa.

“As the community grew in membership, its basic concentration had been centered on the initiation of the Sisters into the life of the community and their training in the spirit and ideal of religious life.” “The community’s main apostolate continued to be the care of the aged and the crippled at St. Joseph Home and the care of the orphans at St. Vincent’s Orphan Asylum.”

The Sisters would soon be adding teaching to their list of responsibilities. It became obvious to Father Spetz that many pastors were conscious of the new Franciscan community of Sisters and their works of mercy and potential for growth. During this time period many Catholic Parishes were opening up grade schools and the need emerged for Sisters to teach in the schools. “In 1901, the Reverend Andrew Drewnicki, the pastor of SS. Peter and Paul Parish in Spring Valley, Illinois, wrote to Sister M. Anna Wysinski, the mother superior of the community, with a plea for three Sisters to teach in his school.” Sister M. Anna and Sister M. Theresa discussed the matter with Father Spetz. “Although the education of children in elementary schools was not in their original plans, the Sisters realized that a vocation in the field of education was truly apostolic and rendered authentic service to the Church and to society.

Sister Anna and Sister Theresa infused with the desire to be of service to the Church and its people decided they had to respond to the appeals of the clergy and undertake as many schools as they were able to staff. “As soon as Sister Anna undertook the staffing of elementary schools, it became necessary to prepare the Sisters for their teaching apostolate. Sister Anna and Sister Theresa arranged, therefore, for the academic preparation of the Sisters under the tutorship of public school teachers Miss Grace W. Elsworth, Miss Ann Boldmen, and Miss Anna Mortimer.”

The teachers began by instructing the Sisters in English since many of the Sisters spoke only Polish. The Sisters were taught how to teach religion, reading, writing, history, arithmetic and geography by the lay teachers. Reverend Felix Ladon, CR. taught Bible history to the Sisters. “Eventually, provisions were made for the Sisters to attend summer school in order to equip them with the proper academic and professional training.”

“The efforts of the young band of Franciscan Sisters were met with difficulties encountered by almost all other religious congregations at this time in history.” Some of the Sisters had a rather limited education themselves and were barely older than the pupils they were expected to teach. “In spite of these obstacles, most of the Sisters handled themselves with maturity and genuine common sense beyond their years.”

“In 1901, Spring Valley was a thriving coal mining and industrial region spilling out of steep bluffs on the floodplain on the north bank of the Illinois River.” SS. Peter and Paul had been officially organized as a parish community for the Poles and the Lithuanians of the region who had been among the first of the ethnic groups to settle in the area. Father Spetz eagerly accepted the invitation to send the Franciscan Sisters to their first teaching assignment in Spring Valley.
At the end of February, Madonna Scholars took a field trip to the Saint Xavier University campus on Chicago’s South side. The day was a coordinated effort between the science department at SXU and the STEM (Science, Technology, Engineering, and Math) Learning Center on the school’s Orland Park satellite campus. Students and faculty hosting the day put tremendous effort into making the day a fun, educational, and hands-on experience for the Madonna Scholars. The day started with a Saint Xavier student ambassador giving the group of high school students a campus tour. Then scholars participated in several science experiments performed by current SXU science students, including a demonstration of changing the copper color of a penny to silver with a zinc and sodium hydroxide solution, fermenting fruit, and cracking roses that had been dipped in dry ice. Franciscan Sister Jeanne Marie Toriskie, Ph.D., Adjunct Professor at Saint Xavier University and STEM Learning Center instructor helped coordinate the successful outing.

Madonna scholars were treated to lunch in the campus cafeteria, followed by a panel discussion from professionals in the math and science fields. Panelist included a dental student, a statistician, and a chemical engineer. The girls left Saint Xavier filled with new knowledge and excited at the prospect of opportunities in math and science they had never imagined before. “The trip was great!” exclaimed Brianna, a third year Madonna Scholar and Junior at Josephinum Academy. “It helped me decide what my major will be in college. I want to study chemistry and become a forensic scientist.”

The day at Saint Xavier University is one of several opportunities the Madonna Foundation offers to the scholars in the program. Workshops and outings throughout the school year focus on college readiness, career planning, volunteerism, self-esteem and leadership.

To learn more about the Madonna Foundation and how you can get involved, contact Annie Ginzkey, Madonna Foundation Manager at (708)647-3185.

Pictured left Sr. Jeanne Toriskie and Annie Ginzkey.
Eulogies are prepared by Sister Diane Marie Collins, General Minister. The Sisters are presented in order in which they died.

A memorial has been established for each sister in the Legacy Fund and gifts can be made in their memory at any time. Often those close to our Sisters remember their death and death anniversaries with a memorial gift. When a Legacy Fund gift is received soon after a Sister dies, we respond with a personal note of thanks and enclose the Sister's prayer card that includes her picture. All gifts are promptly acknowledged.

Please join us in prayer for our departed Sisters and for all those who loved them.

SISTER MARY DULCISSIMA KACZMAREK
Born: January 17, 1911
Died: January 4, 2013

History reveals that in the early 1900’s Poland and her people were still struggling to maintain identity and the treasures of their language and culture after being partitioned many times between 1795 and 1918. However, family life continued and in a small town south of Torun in the German part of Poland, John and Stephanie Kaczmarek welcomed a third child, a daughter into their family on January 17, 1911. John and Stephanie named this daughter Lottie. John Kaczmarek, like so many of his fellow Poles, sought a better life for his family. This meant leaving his wife and three children behind and immigrating to America in 1911. He found work in the coal mines. Stephanie and her three children—Sigmond, Helen and Lottie sailed for America soon after.

It was a harrowing trip. Much of the familiar was left behind, but
Stephanie carried the traditions of her homeland in her heart and when the family settled in Pennsylvania she made sure that these heartfelt traditions were part of the Kaczmarek home. Pennsylvania remained home for seven years. During that time the family was blessed with three more children...Ann, Mary and Bernice. The family moved first to Buffalo, New York and then to Detroit, Michigan where John found work with the Ford Automobile Company.

The spark of a vocation was ignited in Lottie’s heart through the stories of St. Therese, the Little Flower of Jesus, who was canonized in 1925. While attending a Eucharistic Congress in Cleveland, Ohio, she was attracted to two Franciscan communities. When she returned home from the Eucharistic Congress she sought the counsel of Father Pawlowski who was on retreat at her parish, St. Casimir. He gave her the names of three Franciscan communities. One of which was the Franciscan Sisters of Chicago which she entered on November 22, 1935 at the age of twenty-four. The Sister who opened the door for her was one of the Sisters she met at the Eucharistic Congress. Lottie entered the novitiate on August 15, 1936 and received the name Sister M. Dulcissima.

Sister Dulcissima served in many areas of ministry namely—culinary arts, domestic work which included her talents as a seamstress, care of the elderly, and assistance in the hospital lab. She served God’s people at St. Florian Convent, St. Elizabeth Day Care Center, Guardian Angel Day Care Center, St. Stanislaus Bishop and Martyr Convent and St. Joseph Home in Chicago, Illinois. Sister Dulcissima continued to live the Gospel life at St. Mary’s Convent in Hammond, Indiana, St. Joseph Convent in East Chicago, Indiana, St. Anthony Home in Crown Point, Indiana and St. Hedwig Convent in Gary, Indiana. Sister Dulcissima also ministered at St. Stanislaus Kostka in Youngstown, Ohio and Madonna Hall in Cleveland, Ohio. Sister’s hospital ministry included St. Anthony Hospital in Martin, South Dakota and Atkinson Memorial Hospital in Atkinson, Nebraska. Sister Dulcissima continued her life of service when she arrived at the motherhouse in Lemont, Illinois in 1987.

Throughout her life of ministry she was meticulous in her work. When ministering at one of the nursing homes she was in charge of the men. She would always make sure that each of them was dressed in a shirt and tie on Sunday, honoring not only their dignity as persons, but the fact that it was the Lord’s day. She was a woman of compassion and understanding and a source of comfort and welcome to the Polish residents both at Mother Theresa Home and St. Joseph Home. Her knowledge of the Polish language and her listening ear gave her the ability to make the residents and families feel at home.

Sister Dulcissima retired to the infirmary in 2007. While one of her favorite meals was polish sausage and sauerkraut, she satisfied her sweet tooth with an occasional Lorna Doone. Sister Dulcissima was always grateful for her vocation and said once that she was “blessed because God has given me a vocation.” She found joy and solace in prayer and was grateful for the extra time for prayer in her retirement years. Sister had a welcoming smile and her warm hands were an outward indication of the inner love she would share with any who would accept it.

Sister Dulcissima spent 101 years on earth and seventy-seven years as a religious sister. She experienced many changes in religious life and in the culture. She had an attitude of gratefulness and respect. The Lord called Sister Dulcissima to inherit the kingdom and drink from the stream of everlasting life on the morning of January 4, 2015.

Sister Dulcissima, thank you for your example of openness, respect and gratitude. Pray for us and remember us as you dwell in God’s presence.
Frances Mary Szczur was born in Bayonne, New Jersey on May 14, 1920. She was the third child of Stella and Martin Szczur. She was baptized on May 23, 1920 at Our Lady of Mount Carmel in Bayonne, New Jersey. Her parents were born in Poland and immigrated to the United States. Frances and her siblings, Julia, Ted and Irene were taught the values of faith, working together and gratitude early in life. Martin worked at Standard Oil Company and his wife took care of the children. When they were older she went to work in a doctor's office. The children all had assigned chores. It will come as no surprise that Frances' favorite chore was washing windows. Stella and Martin taught their children by example. Faith and gratitude were expressed when the family knelt together in prayer on New Year's Day every year to thank God and ask blessing for the New Year. Frances was a happy young girl who loved to sing and enjoyed the simple joys of family life. Frances was taught by the Felician Sisters at Our Lady of Mount Carmel Grade School and Immaculate Conception High School in Lodi, New Jersey.

Frances considered her meeting with the Franciscan Sisters, whom she had never known, a miracle. Two Sisters came to her high school collecting money for bricks to build their convent in Lemont, Illinois. The Sisters invited her to visit them. Frances said yes and her life changed as she responded to the call of God in her heart. While her parents were very happy about her desire to become a religious, her older sister Julia, who was getting married thought that Frances should stay home to take care of her parents.

Frances entered the Franciscan Sisters of Chicago on February 2, 1940. She entered the novitiate on August 15, 1940 and received the name Sister Mary.
Heliodore. Later, when Sisters were given a choice, she returned to her baptismal name and was known in community as Sister Frances.

Sister Frances obtained her Bachelor of Science in Nursing from Creighton University in Omaha, Nebraska. She also attended DePaul University in Chicago, IL, St. John School of Nursing in Huron, South Dakota and Marquette University. Sister Frances participated in numerous workshops and seminars throughout her life, which focused on topics related to the medical field.

Sister Frances served in the healing ministry of Jesus in many capacities. Sister ministered at St. Anthony Hospital in Martin, South Dakota as a Nursing Supervisor and Anesthetist; at Mother of Grace Hospital in Gregory, South Dakota her skills as a registered nurse were utilized. She ministered at St. John Hospital in Huron South Dakota as an instructor in the School of Nursing, Medical Supervisor, Pediatric Supervisor and Medical Floor Supervisor.

Sister Frances spent many years at the St. Anthony Campus in Crown Point, Indiana. Her talents were many and her service included Director of Education, Education Specialist, Volunteer at the Patient Admitting Desk, also in the Medical Center Surgical Waiting Room and the mailroom.

Sister Frances served her religious congregation as Director of the Our Lady of Victory Infirmary, local minister, assistant local minister, Convent Environment Coordinator and local secretary.

Before embarking on her career in nursing, Sister Frances ministered with Sisters Bertille and Leona in Boys Town, supervising over 1,000 boys and striving to provide a home like environment for them.

Sister Frances, when asked about her philosophy of life said “I was taught to be kind to everyone, respect everyone and acknowledge that we are all God’s people.” It is quite obvious that Sister Frances committed herself to do this every day of her life. See loved all of God’s creatures. I know we can all tell stories about Sister Frances and her love of animals, most recently, the adventures with Belle.

Sister Frances is a true model for us of someone who relied on the providence of God acting in her life. She said that she would retire only when God called her home to eternity and the Divine Healer has called her to himself. We are grateful for Sister’s life and her presence among us. We are also grateful for and acknowledge the care given to her by Sisters Joella and Paula Frances as well as the associates on the St. Anthony Campus.

Sister Frances, pray for us that we might share your enthusiasm for life and most of all your trust in God. Intercede before God for us as we continue our journey, that we may one day join you in praising the Lord in the kingdom of peace.
Honor Roll of Donors

To our donors and friends, thank you for partnering with us, the Franciscan Sisters of Chicago, through your love, prayers and financial support. We offer you our gratitude and our sincere appreciation for your generosity, which has allowed us to continue the ministry started by Mother Mary Theresa Dudzik.

Your donations have helped the ministries of the Sisters in a profound way. Their ministries include affordable housing for seniors, a shelter for victims of domestic abuse, senior retirement communities, and scholarships for Catholic high school tuition.

The donor list in this issue is recorded from July 1, 2012 through June 15, 2013. We make every effort to keep accurate records and each gift is acknowledged promptly. Should you find something amiss, however, we ask you to call us at once. Your inquiries should be directed to Maria Mulcahy, Assistant Director of Development, at 630-243-3560 or at mmulcahy@chicagofranciscans.com.
Restricted Gifts enable us to provide for the items that donors specifically request their donations be used for. The explicit designation by the benefactor allows the donor to become an integral part of the ministries of the Sisters.

Mrs. Adeline Galuszka
Ms. Maureen Tuohy-Vocation Formation

Unrestricted Fund

The Unrestricted Fund is important because it allows flexibility for our use. We often refer to gifts being directed to where the need is greatest. We’re able to use unrestricted gifts immediately or to allow them to accumulate until a significant need arises. We appreciate the thoughtfulness of unrestricted gifts.

Retirement Fund

Gifts to the Retirement Fund are very important to us as they provide support in the care of the retired and infirm members of our Community. The rising cost of health care and medicine are as serious an issue for us as they are with the general public. We’re grateful for your gifts.

Venerable Mother Mary Theresa Dudzik Beatification Fund

Gifts sent to the Franciscan Sisters of Chicago for the Beatification Cause are sent immediately to this Fund. Gifts received through the League of Mother Theresa are used to cover the cost of operating the League Office and once a year (or more often) money from the League is transferred to the Beatification Fund. We thank everyone who has helped build the Beatification Fund. Every step in the process requires fees and the Beatification Fund must continue to grow so that funds are there when needed.

We are restricted by law and policy as to the kinds of non-cash gifts we can accept. Among those items are medications and some used items or partially used items. Some changes in legislation also affect the donor. In fact, Congress passed new rules for deducting household goods, clothing and other items. Unless the item is in good used condition or better or was donated before August 18, 2006, you won’t get the tax deduction. Congress wanted to stop people from using charitable organizations to dump unwanted items in order to write off the donation of minimal or no value. It's always best to call the Development Office at 630-243-3562 before giving a non-cash gift. Dropping off something we cannot legally accept often requires the Sisters to pay for the disposal of these items, which we know was not the donor’s intent. We thank the following for their gifts of services.

**THERESA DUDZIK SERVICE AWARD 2013**

The Theresa Dudzik Service Award is a program restricted to the communities in the Franciscan Sisters of Chicago Service Corporation system. It was established in 1991 and in 1992, the first recipient was awarded the $10,000 unrestricted cash grant and a plaque acknowledging their earning this prestigious award. To share information throughout our entire system, copies of each full proposal are sent to all our communities. A brochure is available explaining the criteria to be met and listing all the winners and their projects through the current winner.

In order to make the $10,000 purse a reality, the Franciscan Sisters of Chicago partner with financial managers across the country. Representatives from this group also serve on the judge’s panel and help select the winner among two or three finalists. The judges tell us they enjoy being part of the panel, indicating that by being active participants in the program, they’ve learned more about the Sisters and the facilities we sponsor.

We are grateful to our partners not only for their financial support but also for their interest in our ministries.

**LEGACY FUND**

Using the envelope included with this issue of Crossroads is the easiest way to contribute to any of our funds and it makes it especially easy to direct a gift to the Legacy Fund. There are several categories to which your Legacy gift can be directed — the two most popular are Memorials
(for deceased loved ones) and Tributes (in honor of living individuals or groups). Some donors make regular gifts to this fund on anniversaries as in the case of memorials, birthdays, marriages, and our Jubilarians. General, undesignated, gifts may be made to this fund as well as donations for your own special intention. As you may know, the Legacy Fund is our Endowment, which we continue to grow by reinvesting the income from the fund. Your gift to the Legacy Fund also continues to grow in perpetuity.

**Tributes**

7/1/2012 - 6/15/2013

**In Honor of the Brandt Family**

For Health and Blessings

Mrs. Irene Wojtak

**In Honor of the**

The Mother Mary Theresa Dudzik Spiritual Enrollment Program provides an opportunity for the Franciscan Sisters of Chicago to share their prayer with others in a special way. A monthly Mass is celebrated for all those enrolled, living or deceased. The Community of Sisters remembers everyone who is enrolled in their prayers.

The Spiritual Enrollment card with a matching mailing envelope is exquisitely designed and easy to use. It may be used to celebrate any occasion or remember a loved one. Please be sure to complete the section requesting your name and address so that the Spiritual Enrollment Book has your name as well as the name of the person being enrolled. A one-year enrollment is $15.

To obtain your enrollment packet, please contact Mary Bannon at (630) 243-3562 or Maria Mulcahy at (630) 243-3560 or email mmulcahy@chicagofranciscans.com.
